### **DETAILED ACTION**

Applicants' response, filed on 8/8/2005, is made of record. Claims 1-4, 6-18, 20, 22, 24-27, 29-51 and 54-59 are now pending.

In view of applicants' response, the following apply.

#### ***Claim Rejections - 35 USC § 112***

Claims 1-4, 6-18, 20, 22, 24-27, 29-51 and 54-57 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Following apply. Any claim not specifically rejected is rejected as it is dependent on a rejected claim and shares the same indefiniteness.

1. Recitation of in claim 1, A is CH<sub>2</sub> renders this claim and its dependent claims indefinite as it is not clear how A could be a CH<sub>2</sub> if it is always a part of spiro ring at 3 – position of the piperidine. Note as recited, the A cannot have additional hetero ring as shown in the claim since A with G and B form a spiro ring. Note as recited when A B is absent A is still a spiro ring.

#### **Non-Elected Subject Matter**

Instant claims contain non-elected subject matter that needs to be deleted. Applicant is reminded that upon the cancellation of subject matter and claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be

accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

### ***Allowable Subject Matter***

Claims 58 and 59 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
